December 4, 2023

Vincent Risoli
Postmaster
Lakeland Installation

Vince:

It has just been brought to my attention that the air conditioning system has been down for at least a week in the Lakeland Main Post Office. I have also been advised that the heat is unbearable with temperatures in the low to mid 80's. The employees' morale, productivity, and comfort, as well as safety, must be taken into consideration. I do not know who you would need to contact regarding this issue, but the Florida 2 Safety Manager may be able to point you in the right direction.

I could attempt to try to assist by sending this concern to the Suncoast District Safety and Health. Possibly they would be able to advise you and to speed up the process for the good of the Lakeland employees under your employment. Thank you for addressing this concern as expeditiously as possible.

Sincerely,

A handwritten signature in black ink that reads "Joe Paul".
